of viewers are male

37%
of sessions are from Gauteng
18% from Western Cape

2.3
sessions per viewer on average the median viewer watches once

Recommendations

01 Schedule live events, fixtures or highlights shows on Monday and Tuesday evenings

02 Offer free previews or day passes around major live events and convert viewers to subscribers

03 Re-engage one-time viewers with onboarding, personalised suggestions and reminder messages

04 Grow under-represented audiences: women, teenagers and kids, and Northern Cape, Free State and North West

05 Use referral and partner bundle offers in Gauteng and Western Cape; improve capture of user data such as gender and region
